

MAP NOT INTENDED FOR NAVIGATIONAL USE

Arctic Research and Policy Act boundary from the U.S. Arctic Research Commission, population of U.S. cities from the 2000 U.S. census, population of foreign cities from GeoID 2001, and the boundary between Alaska and the U.S. Department of the Interior from Alaska GIS Data. All other data provided by USGS The National Map. See map pamphlet for details and citations of individual datasets.

Users should be aware that temporal changes may have occurred since these data were collected and that some data may no longer represent actual surface conditions.

USGS Alaska Polar Stereographic Projection, World Geodetic System 1984

GIS and cartography by C. L. Richmond, edited by John Snow, digital cartographic production by Joseph Mangano

Manuscript approved for publication November 20, 2021

The Arctic Research and Policy Act Region—Aleutian Islands

By
Dee M. Williams and Christopher L. Richmond
2021

This map is not a legal document. Boundaries may be generalized for this map scale. Not all tribal or federal lands are shown. Private lands within government reservations may not be shown. Users are permitted to use this map for descriptive purposes only and do not imply endorsement by the U.S. Government.

This map or plate is offered as an online-only, digital publication. Users should be aware that, because of differences in resolution, processing, and color rendering, some digital versions of scale may occur when viewing it on a computer screen or when printing it on an electronic device, even when it is viewed or printed at its intended publication scale.
